A SLUGGING MATCH

Between Washington and Jackson, in which the Latter Gets the Worst of It. Dispatch to the Intelligencer.

WASHINGTON, Pa., August 24 .-The Jacksons played the most miser-able game of ball this afternoon that has ever, been seen in Washington. Their infield had no less than ten errors. Washington played a fair game, Dinsmore letting up toward the fluish and allowing the visitors to make nine

runs.

Pitcher Headley, second baseman Kuhn, and Short Stop Donaghy, having been released, a change in the team has been made. Ritz, the utility man, goes to second, Griffin from middle to short, and Duffey, a new man, formerly with Sistersville, plays center. Mellwaine, also a Sistersville man, has again been signed to pitch. In to-day's game Rinehart batted hard and his fielding was fine. Twenty-five enthulsats from was fine. Twenty-five enthulsasts from Carnegie, Pa., Flaherty's home, rooted for their townsman, but his wretched support disheartened him. Score: ASHINGTON. AB. R. BH. PO. A.

Kane developed into quite a base stealer yesterday, having succeeded in purloining four bags.

Grand Rapids, of the Western League, swiped two exhibition games from Toledo on Sunday, by the score of 6 to 4 and 9 to 3.

In Sunday's game with Kansas City, Jack Glasscock made five bits out of five times at bat, Jack is certainly renewing his youth.

Whaley's work at short yesterday was nothing short of the marvelous. He had eight chances which he accepted clean. One stop was on the circus order.

Thurston's hand was budly injured in the third inning and Baker had to take his place. Wheeling had two pitchers in the field yesterday, Kane

playing in right.

Since the Jackson team was reorganized the showing has not been at all bad-live games won, four lost and one tied. And eight of these ten games were with the leaders, Youngstown, Toledo and New Castle.

Frank Haller won the hearts of the fana yesterday. It was his first game. He came to bat in the first inning with two men out and two on bases. His return to the diamond as a Wheeling player resulted in a most auspicious opening.

Van Der Beck, of the Detroits, has informed Manager Todd that he would send a man who would come willingly and pitch winning, ball. It has been decided that Jackson is to get either Gayle or Egan for the balance of the season. Either one of these men, with Flaherty, Engle and Müler, will put the Jacksons in shape.—Toledo Bee.

Jimmy Kuhn, the second baseman, released by Washington, is not out of a job ions and received offers from both Fort Wayne and New Castle. He decided to accept the offer from the Pennsylvania town and left Friday morning for that place. During the second season Kuhn has played twenty-six games and has a batting average of .23 and fielding of .924. It is believed that Kuhn will do better at New Castle, where rules regarding the players are more strict than in Washington. With a little coaching and providing he takes care of himself, Kuhn will rank within two or three years with the best in the country.—Washington Reporter.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual discase, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, prompily removes. That is why it is the only remody with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to bote when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely Sed and gives most general satisfaction. Orr. Grose, Anderson, Pastorius, Blair, McDonald, were in last year's second team.

Practice games will be played September 10 and 11, with Kingwood and Terra Alta, respectively, after which the boys return to the university. They play W. U. P. at Fairmont, September 26. "During the early part of October they bake an enstern trip, playing Lehigh, Princeton and Annapolls, for which the dates are set. On this trip they are figuring also to play the Catholic University and Columbian University at Washington, D. C. Dickinson College will be met on October 24. The citizens of Charleston, W. Va., will see two games, one with the Union College, Kentucky, November 4, and the other, November 7, with the University of Virginia. The latter will be for blood, West Virginia University at Columbus, University of Cincinnati, and Ohio University at Athens, Ohk.

Considerable regret is felt that no game is to be played with Washington-Jefferson. This year West Virginia University had the choice of where the game should be played and selected Fairmont. Washington-Jefferson wanted Wheeling. The West Virginia University offered considerable more guarantee money than Washington-Jefferson, but the latter refused. In view of this action on their part and the close struggle on the West Virginians have no excuses to make. The laurels they win in the coming season will be glory enough.

The International Yacht Race Off-Canada Shows Up Well.

TOLEDO, Ohlo, August 21,-After

TOLEDO, Ohlo, August 21.—After smiling over the first leg and a little more than half of the second of the international yacht race course to-day, the judges declared the race off, as it was evident neither boat could sail the twenty-four knot course within the time limit of five and one-half hours. There was no time from the start until the race was postponed that there was enough breeze to take the boats over the course in the time limit.

It was a little more than a drift all the while the race was on. The only thing demonstrated by the contesting boats was that the Canada can outsail the crew of the Venedor. Canada took the lead after crossing the fine and increased it to about one mile at the first turn, four knots from the start. Venedor turned the first stake boat nearly twenty-seven minutes behind her rival. Canada's time on the first leg was two hours and fourteen minutes. As there was no improvement in the breeze while the boats were sailing on the second leg, it became apparent to the judges that it would be neesessary to postpone the contest, and they therefore called the race off.

BINGHAMPTON, N. Y., August 24.—
Over 3,000 people attended the bicycle circuit, races held here this afternoon. Earl Bevee, a local amateur, won the two-thirds mile open in 1:25. This beats the world's amateur competition record and equals the professional record now held by Tom Cooper, Hevee also won the city championship one mile in 2:13 2-5. In the final lap of the two mile handicap, Frank Jenny got a severe tumble, injuring an arm and a leg. There was nothing sensational connected with the professional races.

Of Interest to Bicycle Riders.

Ofintered to Bleyel Riders.

There can be no question that one of the most important parts of a bleyele is the tire. It has to bear the brunt of the work, is constantly coming in contact with destroying elements, and generally receives the least care from the rider. The importance of the work it has to do was early recognized by makers of bleyeles, however, and they have given much attention to this important adjunct of the wheel.

There are to-day, perhaps, thirty different styles of bicycle tires on the market, all of which vary in detail. As to their various merits, theories are of little value; actual experience is the only way to determine this question. Unless an article gives satisfaction, demand for it soon ceases. After a test of over six years during

The leading firm in the United States and in fact in the entire world, in the manufacture of double-tube tires, is Morgan, & Wright, Chicago. Their history is interesting. The first pneumatic tire—the rags-and-glue kind—was giving trouble, and Morgan & Wright stepped in to fill a great public want. They furnished a tire that could be easily taken from the rim to be repaired. That, was the principal requirement in those days, besides the usual requirements of speed, durability and comfort.

That was several years ago. Single-tube thres had been pushed in Europe, and were failing, and the same effort was being started in this country. The Morgan & Wright double-tube three quickly proved its superiority—with the result stated above. The quickly proved its superiority—with the result stated above. The quick-repair inner tube, which is this year a standard feature of all of this firm's tires, has made the position of double-tube three practically invincible, by making it quick and easy for the riders to secure, at the roadside, a permanent repair—a thing admittedly impossible in the majority of single-tube accidents.
